- 126 Proprietary information acquired, developed, or produced by Contractor prior to the date of this Agreement that was not acquired, developed, or produced by Contractor for any purposes related to this project, shall not be deemed to be "Information" under this Agreement. To the extent that Contractor incorporates any Proprietary Information into the Work, Contractor hereby grants AURA a non-exclusive, non-transferable, irrevocable, paid-up license to use or have used on their behalf, for all purposes, such Proprietary Information throughout the world. Information shall only be considered "Proprietary Information" if it is clearly marked as such by Contractor. - 13.1 Contractor shall report to the Contracts Officer, promptly and in reasonable written detail, each notice or claim of patent or copyright infringement based on the performance of this Agreement of which the Contractor has knowledge. In the event of any claim or suit against AURA on account of any alleged patent or copyright infringement arising out of the performance of the Work or out of the use of any supplies furnished or Work performed hereunder, Contractor shall furnish to AURA, when requested by the Contract Officer, all evidence and information in possession of the Contractor pertaining to such suit or claim.

#### **Article 14.0 - PRICES AND PAYMENT LIMIT**

Except as specifically noted, the prices given in this Agreement include all charges related to the goods or services provided, including, but not limited to storage, packing, transportation, taxes, overhead, indirect costs, etc. AURA shall not be obligated to reimburse Contractor for any costs in addition to the agreed price unless such costs are specifically listed in this agreement.

#### **Article 15.0 - COMPUTATION OF TIME**

#### **Article 16.0 - INDEPENDENT CONTRACTOR**

In performing services under this Agreement, the Contractor shall be deemed an independent contractor and shall not act as nor be an agent or employee of AURA. As an independent contractor, the Contractor will be solely responsible for determining the means and methods of performing the professional and/or technical services described in Article 1 of the Contract and shall have complete charge and responsibility for persons employed by Contractor and engaged in the performance of the specified Work. All the Contractor’s activities will be at its own risk, and Contractor is hereby given notice of this responsibility for making arrangements to guard against physical, financial, and other risks as appropriate. Contractor shall observe and abide by all applicable laws and regulations, including, but not limited to, those of AURA relative to conduct on its premises.

#### **Article 17.0 - SMALL AND SMALL DISADVANTAGED SUBCONTRACTING**

It is AURA policy that small business concerns and small socially and economically disadvantaged business concerns be given the maximum practicable opportunity to compete for subcontracts in order to assure maximum small business participation consistent with fulfilling AURA’s contractual obligations in an efficient and economical manner.

#### **Article 18.0 - INDEMNITY AND INSURANCE**

18.1 Contractor shall at all times keep AURA free and clear from all claims, liens, and encumbrances asserted by any person or other entity for any reason whatsoever arising from the furnishing of services under this Agreement. To the fullest extent permitted by law, Contractor shall indemnify, defend, and hold harmless AURA, its directors, officers, employees, agents, representatives, and affiliates (hereinafter collectively referred to as “Indemnified Parties”) for, from, and against any and all claims, demands, actions or causes of action, costs, damages, liabilities, injuries, expenses, or losses of any nature whatsoever to which any of the Indemnified Parties may become subject under any theory of liability whatsoever (“Claims”) insofar as such Claims (or actions in respect hereof) arise from, are connected with, or are related to: (i) any inaccuracy in or breach of any of Contractor’s representations and warranties set forth in this Agreement; or (ii) any intentional misconduct, negligent acts, errors, mistakes, or omissions of Contractor, its officers, employees, agents, or any tier of subcontractor in performing the obligations and the work covered by this Agreement. To the fullest extent permitted by law, AURA shall be responsible for its own negligent acts, omissions, and mistakes, and those of its employees and sub-consultants. Although

Contractor shall defend AURA, in the event of a final determination of joint negligence or other breach of duty between Contractor and AURA, Contractor's total indemnity liability to AURA shall be the percentage determined to be Contractor's share of liability. Every obligation of this indemnification paragraph shall survive the completion of the Work hereunder and the termination of this Agreement.

18.2 Contractor shall, at its own expense, during the course of this Agreement, maintain in force at all times insurance to cover its obligations under this Agreement, and such policy shall contain an endorsement to eliminate any exclusions that might operate to prohibit the policy's coverage of the types of claims covered by this Agreement, and such endorsement shall specially cover the terms of this Agreement. Contractor shall name AURA as an additional insured under such Contract of insurance. If self-insured, Contractor will provide a Statement of Self-Insurance. In addition, Contractor shall, at its sole cost and expense, maintain in force at all times during the period of performance the types of insurance designated below with the limits of liability specified. The insurance carrier must be approved by AURA and have an A.M. Best rating of A- or better. If self-insured, Contractor will provide a Statement of Self-Insurance.

- Workers' Compensation: Statutory limits
- Comprehensive General Liability: \$1,000,000 each occurrence/\$3,000,000
- Annual aggregate (including contractual liability)
- Products/Completed Operations \$X00,000 each occurrence (equal to contract value)

For work performed under this Agreement on AURA's premises, Contractor will also provide the following coverage (If self-insured, Contractor will provide a Statement of Self-Insurance, including limits, if any):

- Automobile Liability:
- Bodily Injury \$1,000,000 each occurrence
- Property Damage \$1,000,000 each occurrence

Should Contractor take possession of property belonging to AURA that at any time will be in transit, or at a location other than AURA, additional proof of insurance for "personal property of others in the care, custody, and control" shall be provided to AURA. The limit of such coverage will be valued at replacement cost of such property as determined by AURA.

The amount and type of insurance coverage requirements set forth in this Agreement or Statement of Self-Insurance shall in no way be construed as limiting the scope of the indemnity in this Article or be construed to limit Contractor's obligations or liability under this Agreement. Such indemnity shall be required by Contractor from its subcontractors on behalf of AURA.

18.3 A Certificate of Insurance or Statement of Self-Insurance evidencing each of the above coverages and requirements shall be delivered to AURA within fifteen (15) days following the date that Contractor receives a fully executed original of this Agreement, or prior to commencement of the Work, whichever occurs first. The certificate(s) shall name AURA, its officers, agents, and employees as additional insureds, and shall provide a forty-five (45) day notice of cancellation. Requests to modify coverage will be delivered to AURA forty-five (45) days prior to the effective date of change, and such modification will require approval by AURA. Certificates shall not be canceled, materially changed, or allowed to expire until forty-five (45) days' prior written notice has been given to AURA.

18.4 AURA shall promptly notify the Contractor in writing of any Claim(s) brought against AURA for which Contractor may be responsible under this provision. Upon its receipt of notification of Claim(s) by AURA, Contractor shall promptly take over and defend any such Claim(s) by tendering the Claim(s) to its insurance company for handling. Such insurance coverage shall be primary and shall be used for purposes of satisfying Contractor's obligations hereunder. In the event said Claim(s) is/are not covered by insurance or such insurance is exhausted, Contractor shall directly fulfill its obligations to indemnify, defend, and hold harmless under this provision and take over and defend any such Claim(s). If Contractor fails to assume or maintain control of the defense of any Claim(s) (either through its insurance company or directly), AURA shall have the right to control such defense. In addition, AURA shall have the right and option to represent itself in defense of any such Claim(s) at any time if AURA, in its sole discretion, determines that its rights are not being appropriately defended by Contractor. If AURA controls such defense, Contractor agrees to pay to AURA, promptly upon demand, all reasonable attorneys' fees and other costs and expenses of defense. If Contractor assumes control of such defense and AURA reasonably concludes that Contractor and AURA have conflicting interests or different defenses available with respect to such proceeding, then the reasonable fees and expenses of counsel and the associated costs of such proceeding to AURA shall be considered and included as "expenses" for purposes of this Agreement.

18.5 Neither Party hereto shall agree to any settlement of, or the entry of any judgment arising from, any third-party claim involving the other without the prior written consent of the other, which shall not be unreasonably withheld, delayed, or conditioned.

#### **Article 19.0 - WARRANTY**

19.1 Contractor warrants that the equipment and parts delivered to AURA hereunder meet and satisfies all of AURA's requirements set forth in the Statement of Work (Attachment A).

19.2 Contractor warrants that the equipment delivered to AURA hereunder, including all hardware and software will, upon completion of the contract, be free from defects in material or workmanship for two years after delivery and installation. Further, Contractor warrants all labor related to the installation, for a period of five years after installation. Products that are not manufactured by Contractor, but that are purchased by Contractor will be subject to the warranty provisions provided by the equipment manufacturer of such product(s), unless Contractor notifies AURA of any additional warranty provisions

in writing. The obligation of Contractor under this warranty is the repair or replacement of any defective or malfunctioning parts with new or refurbished parts. If Contractor fails to replace or repair such parts, AURA's remedy shall be a refund of the price charged by the manufacturer of the part (whether that be Contractor or a third party) to its dealers for such parts as are proven to be defective. To obtain service under this warranty, AURA must bring the malfunction to the attention of Contractor or one of its authorized dealers during the two-year warranty period.

19.3 The Implied Warranty of Merchantability and the Implied Warranty of Fitness for a Particular Purpose under the Arizona Uniform Commercial Code are hereby implied in and applicable to the construction of the instrument by Contractor hereunder to AURA.

19.4 Contractor warrants that its performance of the work, including the selection of the equipment to meet AURA's needs and the labor performed in the installation of said equipment, will be carried out with that standard of care, skill, and diligence normally provided by a professional organization in the performance of similar services. Contractor further warrants that the performance of subcontractors at any tier, or any other person assigned by it under this Agreement, shall be in accordance with sound practice and professional standards of its trade and the requirements of this Agreement. If any portion of the services supplied fails to comply with this warranty, and Contractor is so notified in writing within one (1) calendar year after completion of this Agreement, Contractor will correctly perform such portion of the services at its own expense or, at AURA's option, will refund the amount of the compensation paid for such portion.

#### **Article 20.0 - TERMINATION; SUSPENSION OF WORK; EVENTS UPON TERMINATION**

##### **20.1 Termination for Convenience.**

AURA shall have the right to terminate performance under this Agreement, in whole or in part, at any time for convenience, by notifying the Contractor in writing at least thirty (30) days in advance of the effective date of termination specified in such notice. The 30-day notice requirement will not apply to an agreement terminated pursuant to Article 1 of the main contract.

##### **20.1.1 Upon the termination of this Agreement for convenience, Contractor shall:**

- a. stop work as specified in the notice.
- b. terminate all subcontracts to the extent they relate to the work terminated.
- c. settle all outstanding liabilities in conjunction with the termination of subcontracts.
- d. return to AURA any and all information, documentation, software programs, database tables, configuration files, unit tests, component integration tests, and other items and materials provided by AURA to Contractor.
- e. make available to AURA for pick up or shall transfer to AURA electrically, as may be applicable, all documents and documentation, information, data, databases, software, source code, parts, goods, materials, equipment, and general intangibles (including all Contractor intellectual property licensed to AURA) purchased, developed, prepared, or provided by Contractor for the purpose of performing the Work;
- f. take any action that may be necessary for the protection and preservation of the

property related to this Contract that is in the possession of Contractor (including AURA personal Property); and

In the event of termination for convenience, Contractor will be paid for all work incurred as of the date of termination pursuant to the terms set forth above and for all non-cancelable commitments entered into by Contractor in accordance with the terms of this Agreement prior to the date of termination.

## 20.2 Termination for Default.

20.21 Curable defaults by Contractor. AURA shall have the right to terminate performance under this Agreement at any time for Contractor's default of the terms and conditions of this Agreement by notifying Contractor in writing and giving Contractor thirty (30) days' prior written notice of such default and the opportunity to cure such default. If Contractor fails to cure such default(s), AURA may terminate this Agreement after the expiration of the cure period upon sending written notice of termination to Contractor.

20.22 Curable defaults by AURA. Contractor shall have the right to terminate performance under this Agreement at any time for AURA's default of the terms and conditions of this Agreement, by notifying AURA in writing and giving AURA thirty (30) days' prior written notice of such default and the opportunity to cure such default. If AURA fails to cure such default(s), Contractor may terminate this agreement after the expiration of the cure period upon sending written notice of termination to AURA.

## 20.23 Suspension of NSF Funding; Termination.

Performance of the Work under this Agreement may be suspended by AURA in the event the NSF suspends funding to AURA. AURA shall suspend this Agreement by providing written notice of such suspension to Contractor. In the event of such suspension, AURA shall be responsible for paying Contractor for all Work incurred as of the date of the suspension of the Work. In the event that the Work is suspended for more than one year, AURA may terminate this Agreement upon written notice to Contractor.

## 20.24 Error in Termination for Default results in Termination for Convenience.

If, after termination of this Agreement due to Contractor's default, it is determined for any reason that the Contractor was not in default under the provisions of this clause, or that the delay was excusable, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to the termination for convenience clause set forth above.

20.25 Events upon Termination. In addition to any provisions above which specify events upon termination, the following shall be applicable to the termination of this Agreement in accordance with this Article.

In the event of termination of this Agreement for any reason, Contractor will be paid for all Work incurred as of the date of termination pursuant to the terms above and for all non-cancelable commitments entered into by Contractor in accordance with the terms of this

Agreement prior to the date of termination. In no event shall the liability of AURA exceed the Contract Sum. Notwithstanding the foregoing, AURA may withhold amounts due to Contractor as AURA deems to be necessary to reimburse itself for the excess costs incurred in curing, completing, or procuring similar goods and services and excess costs incurred in AURA's operation because of the breach.

That Party must use its reasonable efforts to mitigate the effect of the event of force majeure upon its performance of the contract and to fulfill its obligations under the contract.

Upon completion of the event of force majeure, the Party affected must as soon as reasonably practicable recommence performance of its obligations under this contract. In the event of such delay, the date of performance or of delivery shall be extended for a period equal to the time lost by reason of said delay on written approval of AURA.
